WELCOME TO PUBLIC HEALTH RESEARCH@MARYLAND!

This day is designed to showcase and enhance collaborative research relevant to promoting public health and developing solutions for healthy lifestyles, families, communities and policies. Plans are underway to create a collaborative school of public health that will build upon the complementary strengths of the existing accredited School of Public Health in College Park and the accredited master of public health degree program in the Department of Epidemiology and Public Health, School of Medicine in Baltimore. This inaugural event is a significant step in maximizing the impact of existing collaborations and building new bridges to promote health in Maryland and beyond.

This event is made possible by MPowering the State and is sponsored by the School of Public Health and the Department of Epidemiology and Public Health, School of Medicine.

SCHEDULE OF EVENTS

8:00 AM–1:30 PM
LOBBY, GRAND BALLROOM

9:30 AM–10:00 AM
GRAND BALLROOM LOUNGE

10:00 AM–11:15 AM
GRAND BALLROOM LOUNGE

11:30 AM–1:15 PM
GRAND BALLROOM

11:30 AM–1:15 PM
NANTICOKE ROOM

1:30 PM–3:00 PM
GRAND BALLROOM & ADJOINING LOUNGE

1:30 PM–3:00 PM
NANTICOKE ROOM

3:00–3:30 PM
GRAND BALLROOM

REGISTRATION

WELCOMING REMARKS

DR. WALLACE D. LOH
President, University of Maryland, College Park

DR. JAY A. PERMAN
President, University of Maryland, Baltimore

DR. E. ALBERT REECE
Dean, University of Maryland School of Medicine

DR. JAY S. MAGAZINER
Chair, Department of Epidemiology and Public Health, University of Maryland School of Medicine

DR. JANE E. CLARK
Dean, University of Maryland School of Public Health

KEYNOTE LECTURE

Smallpox: Death of a Disease...an Historic Saga

D.A. HENDERSON, M.D., M.P.H.
Distinguished Scholar, UPMC Center for Biosecurity
Professor of Public Health and Medicine, University of Pittsburgh

This lecture is part of the Public Health Grand Rounds sponsored by the Mid-Atlantic Public Health Training Center.

POSTER SESSION & LUNCH
Meet students and faculty and explore research on diverse public health topics.

FORUM ON POLIOMYELITIS:
25th Anniversary of the Decision to Eradicate
A discussion forum with D. A. Henderson
Pre-registration required

NETWORKING PANEL ROUNDTABLES
Leading experts will facilitate discussions on crucial public health issues aimed at stimulating collaborations among investigators. See list of topics and conveners on the next page.

FORUM ON BIOTERRORISM:
Fear, Response, Complacency
A discussion forum with D.A. Henderson, co-sponsored with the National Consortium for the Study of Terrorism and Responses to Terrorism (START).
Pre-registration required

CLOSING RECEPTION
Light refreshments will be served.
Announcement of student poster awards and networking.
Sponsored by Delta Omega, the honorary society for public health.
In this lecture, renowned epidemiologist and physician D.A. Henderson will share lessons from the international effort to eradicate smallpox that he led between 1966 and 1977, and how they can be applied to the fight against other infectious diseases.

Since 2004, he has been a resident scholar at the UPMC Center for Biosecurity. He is also professor and dean emeritus of the Johns Hopkins Bloomberg School of Public Health and a founding director of the Johns Hopkins Center for Civilian Biodefense Strategies. From 2001–2003, he was the director of the Office of Public Health Emergency Preparedness and, later, a principal science advisor in the Office of the Secretary of the Department of Health and Human Services. He also served as the associate director of the Office of Science and Technology Policy, Executive Office of the President (1990-93); director of the World Health Organization's global smallpox eradication campaign (1966-77); and chief of the Surveillance Section of the Epidemiology Branch of the Centers for Disease Control (1961-66).

In 2002, he received the Presidential Medal of Freedom, the nation’s highest civilian honor. He is the recipient of the National Medal of Science, the National Academy of Sciences’ Public Welfare Medal, and the Japan Prize, shared with two colleagues.

Dr. Henderson is a member of the Institute of Medicine, a fellow of the American Academy of Arts and Sciences, an honorary fellow of the National Academy of Medicine of Mexico, an honorary fellow of the Royal College of Physicians of London, an honorary member of the Royal Society of Medicine, and a fellow of numerous medical and public health societies.

In 2009, Dr. Henderson published his personal account of the eradication of smallpox, Smallpox: Death of a Disease. He has authored more than 200 articles, 31 book chapters and is coauthor of the renowned Smallpox and Its Eradication, the authoritative history of the disease and its demise.
MAP YOUR IMPACT ON PUBLIC HEALTH

To demonstrate the impact and reach of the collaborative public health research and projects led by conference participants, you are invited to map your project on the Public Health Research in Maryland Google map found at [ter.ps/phrmmap](http://ter.ps/phrmmap). Please visit this link (laptops are available in the back of the Grand Ballroom) to “drop a pin” in the location(s) where your work is having impact and add brief details (project title, description, URL if available). The map will be projected on a screen, allowing participants to see the updates in real time.

EXHIBITORS

Maryland Neuroimaging Center, mnc.umd.edu
University of Maryland Prevention Research Center, sph.umd.edu/umdprc
University of Maryland Center for Health Equity, healthequity.umd.edu
Herschel S. Horowitz Center for Health Literacy, healthliteracy.umd.edu

PARTICIPATING COLLEGES & PROGRAMS

- College of Agriculture and Natural Resources
- College of Arts & Humanities
- College of Behavioral & Social Sciences
- Robert H. Smith School of Business
- College of Computer, Mathematical, & Natural Sciences
- College of Education
- A. James Clark School of Engineering
- University of Maryland Extension
- College of Information Sciences
- Philip Merrill College of Journalism
- School of Public Health
- School of Public Policy
- Office of Undergraduate Studies
- University Health Center
- School of Dentistry
- Francis King Carey School of Law
- School of Medicine
- School of Nursing
- School of Pharmacy
- School of Social Work

ACKNOWLEDGEMENTS

The members of the steering committee for the collaborative School of Public Health thank the many students, faculty and staff who contributed to the planning and implementation of Public Health Research@Maryland 2013! Appreciation also to START, the Mid-Atlantic Public Health Training Center and Delta Omega for co-sponsorship of events.

Public Health Research@Maryland was made possible by MPowering the State.
PUBLIC HEALTH RESEARCH@MARYLAND

was planned to take place during National Public Health Week, which is observed during the first week of April each year. Visit nphw.org to learn more.
